Dobrodošli u Ivanec, planinarski grad!

Iako Ivanec već više od 120 godina faktički živi i „diše“ kao planinarski grad, od 2019. godine, službenim brendiranjem Ivanec sada posebno ističe ovaj identitet kao nacionalnu posebnost (prvi planinarski grad u Hrvatskoj) te ga nastoji učiniti tipičnim i prepoznatljivim u hrvatskoj turističkoj ponudi.

Kulturna infrastruktura, među kojom se izdvaja prvi Muzej planinarstva u Hrvatskoj, time je dala dugovječnost i trajni spomen prirodnoj baštini Ivančice i temeljna je ideja, nit oko koje se plete lokalna turistička priča.

Ovim info-vodičem pozivamo vas da prateći naše informacije doživite, da bi kasnije mogli i drugima prepričati, svoju priču.

Provedite kod nas nekoliko dana, uživajte u gostoprimstvu svog domaćina, i svaki dan doživite nešto novo.

Mogućnosti su bezbrojne...neka bude vaš odabir, a mi predlažemo da vam nešto ne promakne...

Ivanečki mlinovi koji su se nekada protezali od centra Ivanca uz potok Bisticu prema Ivanščici, danas čine turističku šetnicu Ivanečki mlinarski put.

Sakralna infrastruktura, posvećena ivanečkom zaštitniku svetom Ivanu Krstitelju, svoje je mjesto također našla na samom vrhu Ivanščice gdje je upravo tijekom 2021. obnovljena kapelica. Običaji, mitovi i legende svoje likove i djela vežu uz Ivanščicu pa su tako nadaleko poznate copernice s Černih mlaka...

A to su samo neke kratke crtice iz doživljaja koji vas ovdje čekaju. Pitajte i svog domaćina, i on će vam sigurno rado ispričati poneku zgodnu anegdotu, dok vam nudi da probate nešto iz svoje ili lokalne ponude ukusne, domaće hrane.

Uživajte u našem kraju, ponesite sa sobom lijepe uspomene i opet nam se vratite!

Sutra je novi dan za novi doživljaj!

Welcome to Ivanec, mountaineering town!

Although Ivanec has lived and breathed as a mountaineering town for more than 120 years,

since 2019, with official branding, Ivanec now especially emphasizes this identity as a national uniqueness (the first mountaineering town in Croatia) and tries to make it typical and recognizable in Croatian tourist offer.

Cultural infrastructure, among which the first Mountaineering Museum in Croatia stands out, has given the longevity and permanent memory to the natural heritage of Ivančica and it is a fundamental idea, a thread around which a local tourist story is woven.

With this info guide, we invite you to follow our information for the best experience, so that you can later retell your story to others.

Spend a few days with us, enjoy the hospitality of your host, and experience something new every day.

The possibilities are endless... the choice should be yours, and we make suggestions so that you do not miss something...

Ivanec mill, which once stretched from the centre of Ivanec along the Bistrica brook towards Ivanščica, today forms the tourist

promenade Ivanec mill road.

The sacral infrastructure, dedicated to the patron saint of Ivanec, Saint John the Baptist, also found its place at the very peak of Ivanščica, where the chapel has just been renovated during 2021.

Customs, myths, and legends connect their characters and works with Ivanščica, so copernice (witches) from Černe mlake (Black Puddles) are widely known... And these are just brief pieces of information from the experiences that await you here.

Ask your host too, and he will surely be happy to tell you some nice anecdotes while he offers you to try something from his own or local offer of delicious, homemade food.

Enjoy our region, take beautiful memories with you and come back to us again!

Tomorrow is a new day for a new adventure!

Župna crkva svete Marije Magdalene Ivanec - Rudolfa Rajtera 1, 42240 Ivanec

Župa Ivanec se prvi puta spominje 1547. godine, a crkva sv. Marije Magdalene sagrađena je između 1758. i 1760. godine od strane grofova Erdödy. U svojoj unutrašnjosti ima nekoliko povijesno značajnih i likovno vrijednih kiparskih i slikarskih djela.

Kapelica sv. Ivana Krstitelja - Vrh planine Ivanšćice

Kapelica na vrhu Ivanšćice obnovljena je 2021. godine povodom blagdana sv. Ivana, nebeskog zaštitnika Grada Ivanca. Time je ovaj sakralni objekt, izgrađen na jedinstvenoj lokaciji, stavljen u funkciju.

Dvorac i Arboretum Opeka - Vinička ulica, Marčan, 42207 Vinica (15 km od grada Ivanca)

Lokacija uključuje dvorac i perivoj u sklopu kojeg se nalazi arboretum. Dvor Trakošćan je kulturno dobro, zaštićena je povijesna cjelina koja se sastoji od dvorca, građevina uz dvorac, perivoja i park šume s jezerom. Trakošćan se prvi put spominje u pisanim dokumentima 1334. godine, a u današnjem obliku izgrađen je i uređen u 19. stoljeću. Proglašen je jednim od najljepših dvoraca u Europi, a danas djeluje kao muzej.

Stari Grad Varaždin - Setalište Josipa Jurja Strossmayera 1, 42000, Varaždin (22 km od grada Ivanca)

Ova feudalna utvrda, oduvijek poznata pod nazivom Stari Grad, građena je od 14. do 19. stoljeća i danas predstavlja najznačajniju povijesnu građevinu Varaždina. Najvažniji dio Starog Grada je kula s lančanim mostom, izgrađena u 16. stoljeću u renesansnom stilu. Utvrda je danas dom Gradskom muzeju Varaždin.

Biciklističke staze

Sportsko - rekreacijski sadržaji u Ivancu

Za ljubitelje aktivnog odmora, tu su i mogućnosti rekreativnog bavljenja odbojkom, nogometom, rukometom, košarkom tenisom, sportskim ribolovom, joggingom, planinarenjem, pješačenjem, padobranskim jedrenjem.

Odbojka, nogomet, rukomet i ostali grupni sportovi se igraju u dvorani Osnovne škole Ivana Kukuljevića Sakinskog te na vanjskom asfaltiranom igralištu škole, a postoji i pješčani teren za odbojku koji se nalazi u sklopu teniskih terena. Gotovo svako naselje ima svoj travnati teren ili igralište koje se također može koristiti. Tereni se mogu koristiti po satu i uz prethodnu najavu.

Teniski centar Ivanec raspolaže sa 3 teniska igrališta, od kojih je jedno pod rasvjetom. S dolaskom hladnijeg vremena, u listopadu podiže se balon koji ostaje 6 mjeseci i omogućava igranje tenisa tokom cijele godine.

Sportski ribolovci - ivanečki kraj bogat je slatkovodnom ribom. Uputite se na ivanečke bajere. Lov na različite vrste slatkovodnih riba kao što su: šaran, amur, smud, štika, linjak, diver, babuška, žutooka, karas, som, pastrvski grgeč može vam dan ispuniti uzbuđenjem iščekivanja, a ako ulovljenu ribu pustite natrag u bajer i vas će, a ne samo ribu „vratiti“ prirodi. U

sklopu bajera je i ribički dom.

Na području grada Ivanca, u naselju Prigorec podno planine Ivanšćice je i skijalište duljine cca 500 m koje u zimskim mjesecima privlači brojne sanjkaše, ali i skijaše koji preferiraju lagane i kratke staze. Idealno za početnike. Najam opreme nije moguć. Nikako nemojte propustiti pogled sa Ivanšćice, vrha Hrvatskog zagorja.

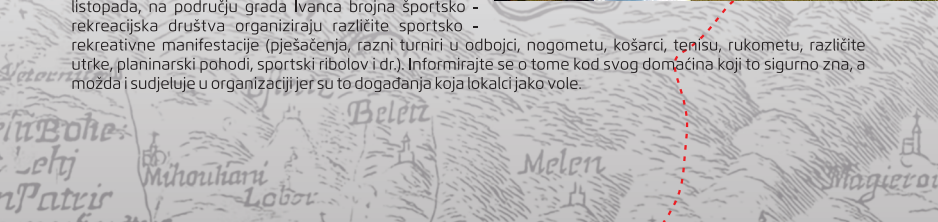

Ne morate biti planinar, svi izletnici i ostali željni dobre zabave i rekreacije mogu se popeti do vrha. Postoji više staza i puteva koji vode na vrh, različitih težina i zahtjevnosti, a najpoznatije su preko „Mrzljaka“, preko „Konja“ i „Prekrižje“. Za one koji žele lagano

doći do vrha, preporuka je staza Mrzljak. Do vrha je moguće doći i autom.

Svake godine organizira se i trka na Ivanšćicu te masovna akcija „Kretanje - zdravlje“. Ivanšćica je vrlo popularna za padobransko jedrenje (paragliding) koji na njezinom vrhu imaju uređeno uzletišće. Uzletišće se nalazi na bivšoj skijaškoj stazi na samom vrhu planine, u blizini televizijskog odašiljača. Sletišta se nalaze u šelju Prigorec (livade kod sportskog igrališta) ili u Ivancu (livade kod dječjeg vrtića).

Iskoristite dan pa upoznajte i brojne druge staze koje omogućuju lagano i šetnju, a i zahtjevnije staze.

Ovisno o dijelu godine, ali uglavnom od travnja do listopada, na području grada Ivanca brojna sportsko-rekreativna društva organiziraju različite sportsko-rekreativne manifestacije (pješačenja, razni turniri u odbojki, nogometu, košarci, tenisu, rukometu, različite utrke, planinarski pohodi, sportski ribolov i dr.). Informirajte se o tome kod svog domaćina koji to sigurno zna, a možda i sudjeluje u organizaciji jer su to događanja koja lokalci jako vole.
